Friday, June 1, 2018

1:00 PM - 2:15 PM

**Education Sessions**
Changes in Head and Neck Cancer Staging: It's Personal
Is There a Role for Immunotherapy in Brain Cancer?
Multidisciplinary Management of Bladder Cancer: A Case-Based Discussion
Point/Counterpoint: Next-Generation Sequencing—Is It Right for Every Patient?
Precision Medicine in Myeloma: Are We There Yet?
Progress With a Price? The Pros and Cons of Extended Therapy
Rational Combinations With an Immuno-Oncology Backbone
Supportive Care in Lung Cancer: Improving Value in the Era of Modern Therapies
The Contemporary Multidisciplinary Management of Metastatic Sarcoma
The Informatics of Precision Cancer Medicine

**Meet the Professor Session**
On Either Side of the Knife: Novel Preoperative and Postoperative Systemic Therapies in Lung Cancer

**Clinical Problems in Oncology Session**
Clinical Challenges for Stem Cell Transplants: Selecting the Proper Patient, Timing, and Donor

1:00 PM - 3:15 PM

**Workshop**
Risk Communication

1:00 PM - 5:00 PM

**Workshops**
Genomics for Oncologists 101: An Interactive Workshop
Grant Writing Workshop

2:45 PM - 4:00 PM

**Education Sessions**
Global Health Perspective in Sarcomas and Other Rare Cancers
My Patient Was Diagnosed With Nontargetable Advanced Non-Small Cell Lung Cancer: What Now?
Neuroendocrine Tumors: Do We Know What to Do?
On the Shoulders of Giants: Breast Cancer—Where Precision Medicine Began
Personalized Care in the Management of Kidney Cancer
Personalizing Postoperative Treatment for Head and Neck Cancer

**Meet the Professor Session**
Creating a Culture of Sustainable Quality Improvement in Your Practice

**Clinical Problems in Oncology Session**
When Less Is More: Local-Regional Management of Breast Cancer

2:45 PM - 5:45 PM

**Oral Abstract Sessions**
Central Nervous System Tumors
3:45 PM – 6:00 PM

**Workshop**
Developing a Survivorship Clinic

4:30 PM - 5:45 PM

**Education Sessions**
Emerging Therapies in Upper Gastrointestinal Malignancies
Incorporating Genomics Into the Care of Patients With Breast Cancer
Perspectives in Oncology Utilization Management: Using Collaboration Rather Than Confrontation
Practical Methods for Integrating Genetic Testing Into Clinical Practice for Advanced Prostate Cancer

**Meet the Professor Session**
Everything You Wanted (and Need) to Know about TKI Discontinuation in Chronic Myeloid Leukemia

**Clinical Problems in Oncology Session**
Genetic Evaluation and Management in Hereditary Prostate, Renal, and Endocrine Cancers

4:30 PM - 6:00 PM

**Clinical Science Symposia**
Head and Neck Cancer
Lung Cancer
Saturday, June 2, 2018

8:00 AM - 8:45 PM
Education Session
How to Navigate the Annual Meeting (Fellows and Junior Faculty Only)

8:00 AM - 9:15 AM
Education Sessions
Acute Myeloid Leukemia: The Good, the Bad, and the Ugly
Bones in Myeloma: Imaging and Therapy
Germline Mutations: How to Recognize Variants and What to Do About Them
International Perspectives on Breast Cancer
Liquid Biopsies
Precision Medicine for Primary Central Nervous System Tumors: Are We There Yet?
Progress Through Collaboration: ASCO and FDA’s Efforts to Improve the Evidence Base for Treating Older Adults With Cancer
Tweets, Posts, and Snaps: Starting Down the Social Media Pathway
When You Hear Hoof Beats, Think of a Herd of Zebras! Sequencing Therapy for Genetically Defined Subgroups of Non-Small Cell Lung Cancer
Where We Stand With Immunotherapy in Colorectal Cancer

Clinical Problems in Oncology Session
Success Stories of Precision Medicine in Uncommon Head and Neck Tumors

8:00 AM - 9:30 AM
Clinical Science Symposium
Special Clinical Science Symposium I

8:00 AM - 11:30 AM
Poster Sessions
Breast Cancer—Local/Regional/Adjuvant
Breast Cancer—Metastatic
Genitourinary (Nonprostate) Cancer
Pediatric Oncology
Sarcoma

9:30 AM - 12:00 PM
Opening Session
Opening Session With Fellows of the American Society of Clinical Oncology, Guest Speaker's Address, Presidential Address, ASCO Humanitarian Award, and David A. Karnofsky Memorial Award and Lecture

12:00 PM - 1:00 PM
Education Session
ASCO Voices

1:15 PM - 2:30 PM
Poster Discussion Sessions
Breast Cancer—Metastatic
Genitourinary (Nonprostate) Cancer
Pediatric Oncology

**Education Sessions**
ASCO Media Panel
ASCO/Radiological Society of North America (RSNA) Joint Session
Global Access to Essential Cancer Medicine
Immunotherapy Biomarkers: Beyond PD-L1
Integrating Genomics Into Neuro-Oncology Clinical Trials and Practice
Practical Considerations for Antibodies in Myeloma
Practice-Changing Developments in Stage III Melanoma: Surgery, Adjuvant Targeted Therapy, and Immunotherapy
ASCO Town Hall Session

**Meet the Professor Session**
Treatment of Early-Relapse Follicular Lymphoma

**Clinical Problems in Oncology Session**
Malignant Mesothelioma: Therapies to Get Really Excited About

---

1:15 PM - 4:45 PM

**Poster Sessions**
Cancer Prevention, Hereditary Genetics, and Epidemiology
Central Nervous System Tumors
Genitourinary (Prostate) Cancer
Head and Neck Cancer
Health Services Research, Clinical Informatics, and Quality of Care

---

3:00 PM - 4:15 PM

**Award Lecture**
Allen S. Lichter Visionary Leader Award and Lecture

**Poster Discussion Sessions**
Breast Cancer—Local/Regional/Adjuvant
Sarcoma

**Education Sessions**
Emerging Personalized Strategies in Systemic Therapy for the Treatment of Melanoma
Pain Management in the Era of the Opioid Crisis
Patient-Reported Outcomes: Expanding From Plenary to Everyday Practice
Precision Medicine Versus Population Medicine in Colorectal Cancer

**Meet the Professor Session**
International Translation of Quality Oncology Care Measures and Standards

**Clinical Problems in Oncology Session**
Moving Beyond Whole Brain and Large Field Spine Radiation for Central Nervous System Metastases: Is Less More?

---

3:00 PM - 6:00 PM

**Oral Abstract Sessions**
Developmental Therapeutics—Immunotherapy
Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant
Pediatric Oncology I
4:45 PM - 6:00 PM

**Poster Discussion Sessions**
Cancer Prevention, Hereditary Genetics, and Epidemiology
Central Nervous System Tumors
Genitourinary (Prostate) Cancer
Head and Neck Cancer
Health Services Research, Clinical Informatics, and Quality of Care

**Education Sessions**
ASCO Book Club
Incorporating Current Adjuvant/Neoadjuvant Clinical Trial Data Into Everyday Practice in Breast Cancer
Pancreatic Cancer: Present and Future
Precision Medicine in Non-Small Cell Lung Cancer: Current Standards in Pathology and Biomarker Interpretation

**Meet the Professor Session**
The Challenges of Managing Sarcoma in the AYA and Geriatric Populations

**Clinical Problems in Oncology Session**
Sequencing for Stage IV Melanoma: When Do We Use What?
Sunday, June 3, 2018

7:30 AM - 9:15 PM
Highlights of the Day Session
Highlights of the Day Session I

7:30 AM - 9:30 AM
Education Session
Training Program Directors’ Breakfast (Training Program Directors and Associate Training Program Directors Only)

8:00 AM - 9:15 AM
Education Sessions
Beyond Chemotherapy: Checkpoint Inhibition and Cell-Based Therapy in Non-Hodgkin Lymphoma
Thinking Beyond RECIST
Meet the Professor Sessions
Adjuvant/Neoadjuvant Treatment in Melanoma: Where Surgery Meets Medical Oncology
How Do I Treat Hepatocellular Carcinoma?

8:00 AM - 9:30 AM
Education Session
Overcoming Unique Obstacles to Implementing Precision Medicine Trials in the Community Setting and Presentation of Clinical Trial Participation Awards

8:00 AM - 11:00 AM
Oral Abstract Sessions
Breast Cancer—Metastatic
Cancer Prevention, Hereditary Genetics, and Epidemiology
Genitourinary (Nonprostate) Cancer
Head and Neck Cancer
Patient and Survivor Care
Pediatric Oncology II

8:00 AM - 11:30 AM
Poster Sessions
Gastrointestinal (Colorectal) Cancer
Gastrointestinal (Noncolorectal) Cancer
Lung Cancer—Non-Small Cell Local-Regional/Small Cell/Other Thoracic Cancers
Lung Cancer—Non-Small Cell Metastatic

9:45 AM - 11:00 AM
Education Sessions
A New Era in the Management of Melanoma Brain Metastases
ASCO/European CanCer Organization (ECCO) Joint Session
Meet the Professor Sessions
Biology and Therapeutic Promise of Exploiting IDH Mutations in Gliomas
How to Bring Geriatric Assessment Into Your Practice

9:45 AM - 11:15 AM
Clinical Science Symposia
Gynecologic Cancer
Special Clinical Science Symposium II

9:45 AM - 12:45 PM
Oral Abstract Session
Hematologic Malignancies—Lymphoma and Chronic Lymphocytic Leukemia

11:30 AM - 12:45 PM
Poster Discussion Sessions
Gastrointestinal (Colorectal) Cancer
Lung Cancer—Non-Small Cell Metastatic

Education Sessions
Collecting and Using Real-World Evidence: Supplementing and Perhaps Replacing Clinical Trials
Controversies in Adjuvant/Neoadjuvant Chemotherapy in Localized Soft Tissue Sarcoma
Filling the Gap: Creating an Outpatient Palliative Care Program in Your Institution
How Can Genetics and Epigenetics Personalize Cancer Survivorship?
Lynch Syndrome 360
Management of Biochemically Recurrent Prostate Cancer: Which Imaging, Which Treatment, and When?
Moving From Mutation to Actionability

Meet the Professor Sessions
Primary and Acquired Resistance to Checkpoint Inhibitors
Treatment Strategies for Locoregionally Advanced Nasopharyngeal Cancer: Making Sense of Recent Studies

11:30 AM - 1:00 PM
Clinical Science Symposium
Education Research

1:00 PM - 4:00 PM
Plenary Session
Plenary Session Including the Science of Oncology Award and Lecture

4:00 PM - 4:30 PM
Post-Plenary Discussion Session
Post-Plenary Discussion Session I

4:30 PM - 5:00 PM
Post-Plenary Discussion Session
Post-Plenary Discussion Session II

4:45 PM - 6:00 PM
Poster Discussion Sessions
Gastrointestinal (Noncolorectal) Cancer
Lung Cancer—Non-Small Cell Local-Regional/Small Cell/Other Thoracic Cancers

**Education Sessions**
- Common Themes in Uncommon Lymphomas: How Biology and Novel Treatments Are Changing the Landscape
- Communicating the Financial Burden of Treatment With Patients
- Global Myeloma, Health Disparities, and the Cost of Drugs
- Innovative Strategies Targeting Subtypes in Metastatic Breast Cancer
- Lifestyle Modifications for Primary and Secondary Cancer Prevention: Diet, Exercise, Sun Safety, and Alcohol Reduction
- Novel Approaches in Bone and Soft Tissue Sarcomas: The Emerging Role of Precision Medicine
- Pediatric Clinical Trials: Economics, Cost, and Value of Investment
- Precision Medicine for a Single Patient: What Does It Really Mean and How Do We Do It?
- The Winds of Change: Optimizing Immunotherapy, Radiopharmaceuticals, and PARP Inhibition in Prostate Cancer

**Meet the Professor Sessions**
- Addressing Fertility in Young Adult Cancer Survivors
- The Peer-Review Process and Writing an Outstanding Manuscript

---

**5:00 PM - 5:30 PM**
**Post-Plenary Discussion Session**
Post-Plenary Discussion Session III

**5:30 PM - 6:00 PM**
**Post-Plenary Discussion Session**
Post-Plenary Discussion Session IV
### 8:00 AM - 9:15 AM
#### Education Sessions
- Cancer Stem Cells: Untangling the Controversies, Rationalizing the Treatments
- Genetics and Prevention in Gynecologic Cancer
- Hepatocellular Carcinoma: A Global Perspective
- Optimizing Survivorship and Maximizing Survival in Germ Cell Cancer
- Psychosocial Needs of Cancer Survivors and Best Practices for Distress Screening
- Treating Frail Adults With Common Malignancies: Best Evidence to Personalize Therapy
- When Cancer Hits Close to Home: Treating Colleagues and Loved Ones

#### Meet the Professor Session
- Precision Active Surveillance in Prostate Cancer: Integrating Molecular Testing and Imaging

### 8:00 AM - 9:30 AM
#### Clinical Science Symposium
Cancer Prevention, Hereditary Genetics, and Epidemiology

### 8:00 AM - 11:00 AM
#### Oral Abstract Sessions
- Breast Cancer—Local/Regional/Adjuvant
- Lung Cancer—Non-Small Cell Local-Regional/Small Cell/Other Thoracic Cancers
- Melanoma/Skin Cancers
- Sarcoma

### 8:00 AM - 11:30 AM
#### Poster Sessions
- Developmental Therapeutics—Clinical Pharmacology and Experimental Therapeutics
- Developmental Therapeutics—Immunotherapy
- Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant
- Hematologic Malignancies—Lymphoma and Chronic Lymphocytic Leukemia
- Hematologic Malignancies—Plasma Cell Dyscrasia
- Professional Development

### 9:45 AM - 11:00 AM
#### Award Lecture
ASCO/American Cancer Society Award and Lecture

#### Education Sessions
- ASCO/American Association for Cancer Research (AACR) Joint Session
- Cancer Care for Displaced Populations: Conflict and Natural Disasters
- Care After Chemotherapy: Treating the Body and Mind
Monoclonal Antibodies and Immunotherapy: The Real Deal for Acute Lymphoblastic Leukemia?

Users Guide to Implementing and Acting on Geriatric Assessment to Improve Care for Older Adults

**Meet the Professor Session**
Debate: Adjuvant Therapy in Colon Cancer

Histiocytosis and Rare Pediatric Tumors

**9:45 AM - 11:15 AM**

**Clinical Science Symposia**
Special Clinical Science Symposium III
Tumor Biology

**11:30 AM - 12:45 PM**

**Poster Discussion Sessions**
Developmental Therapeutics—Immunotherapy
Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant

**Education Sessions**
Advances in Immunotherapy for Solid Tumors in Pediatric Oncology
Cardio-Oncology: Novel Cardiac Toxicities in the Era of Precision Medicine
Helping Our Patients Understand Molecular Testing and Its Implications
Implications of New Staging and ER/PR and HER2 Testing on Treatment Decisions in Early-Stage Breast Cancer
Is There a Precise Adjuvant Therapy for Esophagogastric Junction and Gastric Cancers?
Molecular Oncology Tumor Board
On-the-Ground Experience: Implementing Cancer Control in Low- and Middle-Income Countries
Role of Precision Therapy in the Treatment of Advanced Urothelial Cancer

**Meet the Professor Sessions**
Germline Testing for Hematologic Malignancies: Unique Considerations and Strategies

Point/Counterpoint: Is Genome-Directed Oncology Ready for Prime Time?

**12:00 PM - 1:00 PM**

**Annual Business Meeting**
ASCO Annual Business Meeting (ASCO Members Only)

**1:15 PM - 2:30 PM**

**Award Lecture**
Pediatric Oncology Award and Lecture

**Poster Discussion Session**
Hematologic Malignancies—Lymphoma and Chronic Lymphocytic Leukemia

**Education Sessions**
Controversies in Fertility Preservation for Young Women With Breast Cancer
How Much Time Do I Have, Doc? Communicating Prognosis in the Era of Exceptional Responders
Immunotherapy Beyond the Checkpoints: CARs, Trucks, and More
Immunotherapy in Lung Cancer: When, How Long, and What to Do About "-itis"?
Local Modality Therapy in the Treatment of Metastatic Colorectal Cancer
Metastatic Prostate Cancer Tumor Board: Optimizing Patient Selection and Treatment
The Emergence of Cancer Biosimilars in the United States: A Clinician’s Guide

Meet the Professor Sessions
Optimizing Therapy for ER-Positive Metastatic Breast Cancer
Perioperative Systemic Therapy for Localized Renal Cell Carcinoma: To Treat or Not to Treat

1:15 PM - 2:45 PM
Clinical Science Symposium
Geriatric Oncology

1:15 PM - 4:45 PM
Poster Sessions
Gynecologic Cancer
Melanoma/Skin Cancers
Patient and Survivor Care
Tumor Biology

3:00 PM - 4:15 PM
Award Lecture
B. J. Kennedy Award and Lecture for Scientific Excellence in Geriatric Oncology

Poster Discussion Sessions
Developmental Therapeutics—Clinical Pharmacology and Experimental Therapeutics
Hematologic Malignancies—Plasma Cell Dyscrasia

Education Sessions
Cultivating Primary Resilience: Burnout Prevention on a Larger Scale
Developing and Optimizing Molecular Oncology Tumor Boards in Pediatric Oncology
Patient–Clinician Communication Is a Two-Way Street: Driving in Parallel Toward Well-Being

Meet the Professor Sessions
Targeting Tumor Metabolism in Gynecologic Cancer
Tools for Advancing Precision Oncology

3:00 PM - 4:30 PM
Clinical Science Symposium
Breast Cancer

3:00 PM - 6:00 PM
Oral Abstract Sessions
Gastrointestinal (Noncolorectal) Cancer
Genitourinary (Prostate) Cancer
Lung Cancer—Non-Small Cell Metastatic

4:30 PM - 6:00 PM
Clinical Science Symposium
Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant

4:45 PM - 6:00 PM
Award Lecture
Gianni Bonadonna Breast Cancer Award and Lecture
Poster Discussion Sessions
Gynecologic Cancer
Melanoma/Skin Cancers
Patient and Survivor Care
Tumor Biology

Education Sessions
Challenges Facing Family Caregivers and Emerging Novel Interventions
Next-Generation Platform Trials: Innovations in Trial Design
No Decision Is Final: Making a Career Transition
Tele-Oncology: Beyond the Basics

Meet the Professor Session
The Role of Minimal Residual Disease of Myeloma in Clinical Practice
Tuesday, June 5, 2018

7:30 AM - 9:15 AM
Highlights of the Day Session
Highlights of the Day Session III

8:00 AM - 9:15 AM
Education Sessions
Approaches to Chronic Lymphocytic Leukemia Therapy in the Era of New Agents: The Conundrum of Many Options
Emerging Therapeutics in Gynecologic Cancer
Managing Cognitive Changes in Cancer Survivors
The Landscape of Basket Trials in Advanced Colorectal Cancer
Toxicity Management in Immuno-Oncology

8:00 AM - 11:00 AM
Oral Abstract Session
Tumor Biology

9:45 AM - 11:00 AM
Education Sessions
Assessing Immunotherapy Response and Progression
New Treatment Algorithms in Hodgkin Lymphoma: Too Much or Too Little?
The Latest on Management Approaches for Adjuvant Endocrine Therapy Toxicity

9:45 AM - 12:45 PM
Oral Abstract Sessions
Gastrointestinal (Colorectal) Cancer
Gynecologic Cancer

11:30 AM - 12:45 PM
Education Session
Next-Generation Diagnostics Beyond Tissue
